

Dear friends and neighbors in Academy Hills,

I am writing to ask you to vote on November 6th to re-elect State Representative John Kowalko. John is one of the most hard-working and dedicated public servants I've had the pleasure of knowing.

When I was in a leadership role with the West Chestnut Hill Residents Association I knew that Representative Kowalko would always be there, eager to listen and help, never disappointing our community.

John has a knack for listening to and hearing our community's concerns. He studies the issues and educates himself on them. He finds the correct course of action that will benefit our interests and pursues those solutions doggedly. He has always shown the courage to stand up for our community and our families best interests.

You'll recall how important Representative Kowalko was to our fight against the Power-Plant/Data center proposal. Without any hesitation, John investigated and learned all the facts in the matter and publicly confronted the special interests that would have damaged our collective families' health for a profit. John steadfastly represented our district even when it cost him with his political peers. His unwavering support for our community and all of his constituents speaks volumes to his character.

I hope you'll join me and my family on Tuesday November 6th in voting for Representative John Kowalko so that he might continue to serve all of our best interests.

Sincerely yours,

Cathy Rookard
